INTRODUCTION

Hello. My name is _____. I am working with the Philippine Statistics Authority. We are conducting a survey about the demographic and socio-economic characteristics of the population. Your household is one of the 11,000 sample households randomly selected nationwide. The information gathered in this survey would assist our policymakers and program managers in formulating social and economic development plans, programs, designing strategies for improving services, and evaluating assistance to alleviate poverty, and policy decision making. All personnel involved in this survey are required to keep in strict confidence any information obtained during the interview that pertains to any particular household or individual. Likewise, the data gathered will be released only in the form of statistical summaries in which no reference to any person shall appear. We hope you will agree to answer the questions since your views are important.

In case you need more information about the survey, you may contact the Philippine Statistics Authority Provincial Statistical Officer *(please provide the contact number of the Provincial Statistics Office)* in your province or the Philippine Statistics Authority Central Office at telephone number (632) 8376 2092 or 8376 1995.
